

# C190POS Scanner-Dimensioner

Combine cordless barcode scanning with dimensioning for improved productivity and convenience in shipping, freight and warehouse operations. When you pair your tablet, wearable, PC or mobile computer with Cubetape C190POS you provide the superior technology needed to take productivity and accuracy to the next level.

Cubetape integrates with existing shipping, warehouse and freight management systems to eliminate manual entry of barcodes, length, width and height and provides convenient and accurate collection of critical operational data.

## Specifications and Highlights:

<b>Measurement</b>	Tape	19mm x 3m (10ft), Range 5cm to 300cm
	Units	US: 1/10's, 1/4's, nearest inch, next highest inch Metric: mm, 5mm, cm
<b>Communications</b>	Bluetooth®	V4.0, Serial Port, HID profiles
<b>Power</b>	Li-ion	860mAh with 2 hour recharge cycle
	Duty Cycle	Minimum 8 hours on heavy duty cycle
<b>Scanner</b>	1D Optical Program	650nm visible laser diode Common symbologies and features
<b>Functions</b>	One Button	Ø/scan/send
	Ergonomics	2 x LEDs, buzzer
<b>Physical</b>	Dimensions	140mm x 76mm x 31mm
	Weight	Approximately 9oz/260g
<b>Regulatory</b>	Environment	FCC, ICES, CE, RCM, ROHS
	Metrology	NTEP, MC, (NMI AU pending)
<b>Other</b>	Application	shipper/ tablet/PDA accessory
	Temperature	-20°C to 50°C, 14°F to 120°F
	Humidity	Operating: non-condensed 10% to 80%
	Accessories	Cradle C190DSK
	Spares	Tape Cassette, Silicone Sleeve, Battery
	Warranty	12 months excluding consumables
