

RAVAS WeightsApp

Data collection from RAVAS weighing systems on your mobile device

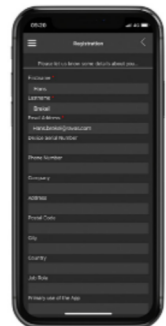

IMPROVED VERSION AS FROM OCTOBER 2020!

- Download for free in the App Store and Google Play Store
- Functional and intuitive design
- Log-in functionality: The new RAVAS WeightsApp requires a log-in for registration, tracking and logging purposes.
- Works with RAVAS 3200 and 5200 indicators & RAVAS Red Box

Intuitive design
Easy data collection

ADDITIONAL FEATURES

- Using Bluetooth 4.0 (low energy) to read the weight from the RAVAS indicators
- Tare weight can be entered in the app as well as ID codes for product and operator
- All data, including date & time, will be stored on the device
- The complete data can be sent as CSV file via email to a PC, using WLAN or 3G
- Remote zero feature for remote zero correction
- Auto Tare and Pre-set Tare input for Net weight recording
- Upload of a log file for RAVAS engineers for technical analysis of the RAVAS mobile scale
